

# 全球电气附件检测与认证

电气附件类产品在电子线路中起到至关重要的电力及信号传输控制作用。其产品的多样性和普遍性会使广大客户对相应标准的认知有所偏差。沃特检验集团具有丰富的电气附件（零部件类）的检测经验，以敏锐的触觉，引领市场潮流的最前沿，对中国、澳洲、欧洲及中东等国家标准都有相应的测试能力，并且对产品的失败项目，能够为客户提供合理的整改建议。为企业提供各种新概念电气附件，哪怕是时下最热捧的智能控制附件的检测和认证服务。沃特获得了以下标准的CNAS认可资质，也可以独立开展中东、澳洲、欧洲等出口的检测，沃特实验室测试报告得到当地权威发证部门的认可。

# Testing and Certification for Electronic Accessories

The product of electrical accessories play an important role of electricity and signal transmission&control in the electronic circuit. The diversity and universality of the products will cause some cognition bias of standards. Waltek Services Testing Group has a wealth of electrical accessories (parts category) testing experience, leading the market trend of the forefront of China with a keen sense of touch. Waltek has the appropriate test capability for the standards of China, Australia, Europe and the Middle East. Besides, for the failed project, we can provide the reasonable debug suggestion. For enterprises to provide a variety of new concepts of electrical accessories. Even nowadays the most popular intelligent control accessories detection and certification services. Waltek have the following standards of CNAS accreditation. It can independently carry out the Middle East, Australia, Europe and other export testing. Waltek laboratory test report was recognized by the local authoritative certifying authority.
